

ENTER Curated Choice

October 2021

'Curated choice' is an online commercial group show facilitated by Enter Art Fair. ENTER invites handpicked curators or art personalities to propose a theme under which they will curate a selection of works of any media from the participating ENTER galleries.

Every new edition of 'Curated Choice' will bring a new theme, a new curator and new works – and will run continuously in our newsletter and on our social media platforms throughout the year in between the fairs every August.

All the works are carefully selected by the curator and are all available for sale. You can find prices and detailed information about the works below in the link. Don't hold back. Ask questions and connect directly with the gallery for any inquires.

Curator: Kirsten MacDonald

Theme: Female Figurations

The second theme for the 'Curated Choice' is 'Female Figuration'. The current landscape of contemporary figurative painting is particularly strong, not only due to the commercial demand but perhaps more so the way that artists are portraying people in response to important topics and issues of the 21st century—from race, gender, politics, and war, to privacy, social media, and love. We live in a time that's ripe with debate over what it means to be a human in one kind of body or another. Today, a growing number of emerging artists are returning to figuration to expose our complex histories or explore the simple realities of everyday life. Now, more than ever, female artists are investigating what it means to occupy the human form through a diverse lens of perceptions and experiences.

All images are courtesy of each gallery and each artist.
